

## Supply List

### Creative Sewing Machine Techniques

*Erika Mulvenna*

The Evanston Art Center sewing lab is stocked with basic sewing machines for use in class. If you wish, you may bring your own sewing machine for this class (you can use the elevator to the second floor classroom at the back of the building if you are carrying in your own machine).

#### Student Supplies:

Bring the following with you to class, the EAC sewing lab *is not stocked* with sewing supplies.

- Basic sewing supplies (scissors, pins, pincushion, thread snips, seam ripper)
- Fabric glue stick or Elmer's washable glue stick
- Fabric marking pen or pencil (your choice, as long as it will mark on fabric in a non-permanent way)
- Any bits of trims or scraps to use in projects such as; embroidery floss, yarns, string, cording, ricrac, lace trim, home dec cording, ribbons, etc.

The following materials will be covered on our first day so you can ask questions and will be able to find the right supplies:

- Wash-away stabilizer (one yard or one package), the type that looks like a dryer sheet or thin paper towel works best (not the type that looks like plastic wrap).
  - Brand names include Pellon Wash n Gone, Sulky Fabri-Solvy, and OESD AquaMesh WashAway
- One package of Ace Hardware Cotton Clothesline, natural cotton color, .02 inch diameter, 50 ft. Ace item #71546 (NOTE: this specific brand/type works best, and other brands of cotton clothesline may not fit under the needle of the machines)

In each class session we will be learning a new technique and sewing samples on fabric squares provided by the instructor. You are welcome to bring other fabrics or materials to play with or sew on – just ask in the first class!

Looking forward to seeing you on the first day,

-Erika
