EXERCISES

Beginning Exercises:

Please Note: Classes and workshops may be canceled if enrollment minimums are not reached. You will be notified by telephone at least 3 days prior to the scheduled start date should cancellation become necessary.

- Begin with a few thumbnail sketches in your sketchbook
- Construct your composition with large shapes filling up the space
- Exaggerate and make objects much larger
- Have some shapes run off your page
- Play with the scale of your shapes, marks and lines making a variety of sizes and thicknesses

1. Monochromatic Painting

Object/Ground: -Use one hue (color) and light and dark values of this color
Experiment working different ways, i.e. dry on wet/wet on wet, allow color to dry and glaze over.

2. Mixing Compliments (Colors across from each other on the color wheel.)

Object/Ground: -Use 2 complimentary colors (red & green /yellow & violet/ blue & orange). Experiment working different ways, i.e. dry on wet/wet on wet. Allow color to dry and glaze over

- Use 4 compliments
- Try one with all warm values
- Try one with all cool values
- Try one mixing warm and cool values

3. Saturated Color

Object/Ground: Use vivid and intense colors (All colors available)

4. Work Independently

On-going Projects/Charts:

Create a color wheel with:

Primary Colors: yellow, red, and blue

Secondary colors: orange, green, and violet

Create value studies with primary and secondary colors

Use 10 values: #1 = white of the paper

#10 = darkest value

For Watercolors: Create a color chart showing Transparent and opaque colors:

- Draw a vertical line with a black permanent marker
- Paint a square of each color over this line
 - Opaque colors will show a clouded area over the black line
 - Transparent colors will show the black line below clearly

Please Note: Classes and workshops may be canceled if enrollment minimums are not reached. You will be notified by telephone at least 3 days prior to the scheduled start date should cancellation become necessary.
