

Supply List

Colored Pencil: Little Landscapes

Lyndsay Murphree

1. Colored pencils. Bring what you own! If you don't own any, I recommend starting with a set of 24. Prismacolor or Faber Castell Polychromos are good starting brands,
2. Make sure your set includes a white colored pencil. Prismacolor or Caran d'ache Luminance brand is recommended for this one. Both are available in open stock at Blick.
3. There are multiple papers that can be used with colored pencil and they will all give different results. Vellum bristol paper is a good starting point. Smooth bristol paper, hot press watercolor paper, or mixed media papers are also okay. Legion Stonehenge paper is a higher quality paper that is worth investing in if you are more advanced.
4. A colorless blender pencil.
5. You will also need a drawing pencil, eraser and pencil sharpener as well as basic sketching or drawing paper.
6. I will be doing all my landscapes on one sheet of paper to create a study page. If you want to do this get thin washi tape or thin artist tape.

Please Note: Classes and workshops may be canceled if enrollment minimums are not reached. You will be notified by telephone at least 3 days prior to the scheduled start date should cancellation become necessary.
